

HYDRO TEST PUMP (HAND DRIVEN)

HYDRO TEST PUMP
(HAND DRIVEN)

HYDRO TEST PUMP
(MOC : FULL S.S. 304)

HYDRO TEST PUMP
(WITH FLP GAUGE)

HYDRO TEST PUMP
(WITH DIGITAL GAUGE)

01 Application

- ♦ Boilers, Pressure Vessels, C.I. Mains Casting Parts.
- ♦ Gas Cylinder, Pipes & Tubes Parts Pumps and Valve Body.
- ♦ Subject to Hydro Testing.

02 Special Features

- ♦ Portable hand operated system can be easily handled by one man.
- ♦ Pump unit is mounted on Fabricated M.S. Water tank which stores liquid for testing.
- ♦ Pump does not require any foundation.
- ♦ Provides self base for testing.

03 Standard Accessories With M.O.C.

- ♦ Pressure Release Valve Made From Stainless Steel 304 Material (Needle Type Valve)
- ♦ Discharge High Pressure Hose with Attachment of 1/2" inch BSP Connection Length 2 Mtrs.
- ♦ Stainless Steel 304 Glycerin Filled Pressure Gauge With 4" Inch Dial. (NABL Calibrated)
- ♦ Discharge Valve (NRV) Made From Stainless Steel 304 Material.
- ♦ Pump Handle Made From Mild Steel Material. (Powder Coated)
- ♦ Suction Pipe & Foot Valve Made From Stainless Steel 304 Material.
- ♦ Pump Plunger Body (Main Body) With Gland Pusher Made From Mild Steel Material with Auto Finish Paint.
- ♦ Distributor Body Made From Stainless Steel 304 Material
- ♦ Pump Plunger Made From Stainless Steel 304 Material with Hardening.

AMBICA MACHINE TOOLS

Ambica Machine Tools was established in 2006 with an aim to provide impeccable engineering and pumping solutions. Mainly, the company deals in manufacturing Industrial Pumps, Valves and other Pumping Equipment that fit in your specific industrial requirements. With our exceptional range of industrial pumps, we have catered to the most complex and demanding industrial sectors. Our headquarters and the manufacturing unit are located in Ahmedabad, Gujarat, India.

OUR **VISION**

Aspire to attain global leadership by anchoring our roots on the factors of quality, innovation, and customer delight

OUR **MISSION**

- ➔ Sustain as an undisputed leader in India in providing pumping solutions
- ➔ To create satisfying value for all our stakeholders
- ➔ Create a competitive advantage in the market

WHY **CHOOSE US?**

- ➔ Industrial experience of 12+ years
- ➔ Ethical business practices
- ➔ Stringent quality control practiced at all levels.

OUR **PRODUCTS**

MANUFACTURER OF INDUSTRIAL PUMPS & VALVES

**THERMIC FLUID
PUMP**

**CENTRIFUGAL
PUMP**

**SELF PRIMING NON
CLOG MUD PUMP**

**BARREL PUMP AND
ROTARY PUMP**

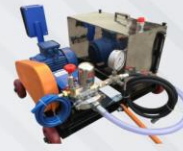

HYDRO TEST PUMP
(Motor Driven Unit)

HYDRO PUMP
(Fully Made From SS
304 Material)

**TRIPLEX PLUNGER
PUMP**

**WATER JETTING
PUMP**

**AIR OPERATED DOUBLE
DIAPHRAGM PUMP**

**POLYPROPYLENE
PUMP**

**VERTICAL
POLYPROPYLENE
PUMP**

**MAGNETIC DRIVE
PP/PVDF
PROCESS PUMP**

**MAGNETIC DRIVEN
SS PUMP**

**VERTICAL SEWAGE
SUBMERSIBLE PUMP**

**SS SANITARY AND
HYGIENIC PUMP**

**MONOBLOCK
SS PUMP**

**P.V.D.F
PROCESS PUMP**

**CHEMICAL PROCESS
PUMP MANUFACTURER**

**RUBBER LINED
PUMP**

**CENTRIFUGAL
PROCESS PUMP**

**DOMESTIC
WATER PUMP**

**SUBMERSIBLE
MONOSET PUMP**

**CYLINDER PRESSURE
TESTING SYSTEM**

**HIGH PRESSURE
VALVES**
